

THERMATEK®
ThermalBarriers

BEAT THE HEAT without the cost
of an AIR CONDITIONER!

» Thermatek

Thermal Barriers is a part of **100 year old Ceramic Manufacturing Company** (Parshuram Pottery Works Co. Ltd), founded by the Late Shri Parshuram Balwant Ganpule. Thermatek is based in Bilimora and Morbi, Gujarat. It is presently managed by Mr. Amit Ashok Ganpule and Mr. Rohit Ashok Ganpule. Mr. Ashok Anant Ganpule is the inventor of Heat Resistant Terrace Tiles. Later, the two brothers developed a ceramic tile with Cool Roof properties, which today has the Highest SRI (Solar Reflective Index) in the world. Moreover, our core strength is that we have housed the widest range of Cool Roof Products.

➤ The Signature Product: THERMATEK® Heat Resistant Terrace Tile

A unique, patented, stand-alone over deck, multilayered, non-porous, dense, dry-look, and thermal insulation product designed to integrate seamlessly with the concrete roof system. It looks like a plain tile straight along its length and breadth, needing waterproofing sarking underneath.

The product is manufactured to last a lifetime with a thoughtful balance of new patented technology and unique manufacturing process.

The product is environmentally sound, commercially successful, suitable for a wide range of projects in hot climatic conditions on multiple substrates and goes far beyond industry standards.

➤ Why Choose Thermatek?

- The best means to counteract the deleterious effects of high heat levels
- The push to lower temperature inside home for thermal comfort
- Proven Energy Efficiency
- Environmental Friendly & Responsible
- Heat Resistant
- Durable
- Savings on cooling costs
- Increases the life of roofs
- Quick installation
- Requires Minimum Maintenance

➤ Application of our Products
